Using this List

Make a copy of this list for each type of outing you'll be taking. Create a master list by filling in the circle for each item that you'll need for that outing. For gear that you carry that is not listed here, fill in one of the empty entry lines. Save these as master copies.

Before an outing, make a copy of the appropriate master to use as a checklist for that outing. As you pack the gear for each circle marked, check the square next to it.

Sea Kayaker authorizes the copying of this list for personal use only. Any other use requires the written permission of Sea Kayaker Inc.
